Our chocolatiers have worked together to create a drinking chocolate like no other. Designed to be less sweet than usual drinking chocolate. Our drinking chocolate promises an incredible smoothness and deep cocoa flavours. We use flakes of real chocolate to make sure you can taste all the nuanced cocoa notes in each sip. Deeply chocolatey, comforting and full of authentic flavours, our hot chocolate makes for a moreish treat. There's one for every mood and every taste!

*Dairy and Plant based milk available.
